**2012 Alternative Clean Transportation Expo and NAFA Fleet Management Association
Announce Partnership for North America's Largest Alternative Fuel Show**

*As a silver sponsor for the 2012 ACT Expo, NAFA will showcase its commitment to clean
vehicle technologies for fleets*

March 9, 2012—Long Beach, Calif. — NAFA Fleet Management Association, the premier association for vehicle fleet management professionals, has signed on as a silver-level sponsor for the 2012 Alternative Clean Transportation (ACT) Expo, North America's largest convergence of stakeholders advocating for alternative fuels and clean vehicle technologies. The 2012 ACT Expo will take place May 15-17 at the Long Beach Convention Center in Long Beach, California.

"NAFA is extremely excited to be a sponsor of the ACT Expo, the premier clean technology event in the country for fleet managers," said NAFA Executive Director Phillip E. Russo, CAE. "There is a great deal of synergy between our two groups, especially with NAFA's Institute & Expo being the fleet industry's largest education and networking event. We are impressed by what ACT Expo has been able to achieve in terms of providing clean vehicle education and tools to fleet managers. We look forward to helping the ACT Expo grow and become part of the NAFA family of partners."

NAFA's partnership with the 2012 ACT Expo reinforces the organization's commitment to provide fleet management professionals with the groundbreaking tools, key strategies and sound infrastructure to employ alternative fuel and clean vehicle technologies with the ultimate goal of improving air quality and reducing dependence on foreign oil.

As the world's leading not-for-profit association for the vehicle fleet management profession, NAFA has set its sights on expanding the awareness and education of fleet professionals surrounding alternative fuels and clean vehicle technologies. NAFA's annual Institute & Expo, the largest event of the fleet management industry, continues to showcase the latest vehicle technology advances in clean diesel, hybrid, and electric among other alternative fuel types in the conference Green Zone since its inception in

2010. The partnership between ACT Expo and NAFA will further drive this sustainability initiative in planning for a swiftly approaching alternatively-fueled future.

NAFA will be located at booth number 548 in Exhibit Hall A at the Long Beach Convention Center.. For more information on NAFA at the 2012 ACT Expo, visit www.actexpo.com.

About NAFA Fleet Management Association

NAFA Fleet Management Association is a tax-exempt, not-for-profit, individual membership professional society serving the needs of members who manage fleets of sedans, public safety vehicles, trucks, and buses of all types and sizes, and a wide range of military and off-road equipment for organizations across the globe. NAFA provides members a full range of products and services, including statistical research, publications, regional chapter meetings, government representation, seminars, online information, and an annual conference and expo. NAFA's Full and Associate Members are responsible for the specification, acquisition, maintenance, and remarketing of more than 3.5 million vehicles. The more "traditional" fleet vehicles of passenger cars, vans, SUVs, and police vehicles managed by NAFA members total 2.4 million. In addition, NAFA Members across the North American continent have more than 1.1 million medium- and heavy-duty trucks in their fleets, including public safety, delivery vehicles, and public works vehicles.
